

Notes from planning meeting 5

- Went over Kayla's org chart draft
- Advocacy team: need option for new rep positions
- Bylaws: include easy way to change constitution for the first year (of course also allow changes after the first year)
 - Include end-of-year review for the first year
 - Maybe allow changes to be made in the first year if 75% of officers agree, otherwise if 50% of members agree
- Officer meetings should be open, but for listening, not necessarily for active participation from unelected students
- Get word out for nominations sooner rather than later
- For first year, rather than joint nominations, maybe do informal burden/attendance sharing
- Pre- & post-prelim advocacy reps host all-member town halls once/semester
- In bylaws, redundantly state at the top that there will be all-members events N times per year to satisfy UW requirements
- For special interest positions in advocacy team, clarify whether allies can join meetings
 - Leave up to reps to decide, and can be specified on a meeting-to-meeting basis
- Allow people to run for multiple positions such that they specify at the onset what position they will fill if they are elected to more than one position
- Use a ranked vote system
